LETTER OF RECOMMENDATION

Date: 5th August, 2025

To Whom It May Concern,

It gives me great pleasure to recommend Mr. Abhinav Kaushal, who worked as a Frontend Development Intern at VerdiNexus from 23rd June 2025 to 23rd August 2025.

During his internship, Abhinav actively contributed to two critical projects—one under VerdiNexus' core operations and another under a sister company. His work primarily focused on building and optimizing frontend solutions using React, where he consistently delivered high-quality outputs.

Abhinav's strengths include:

- **Technical Expertise:** Proficiency in React, with the ability to build scalable, clean, and efficient code.
- **Analytical Skills:** Ability to break down complex UI/UX requirements into practical solutions.
- **Professionalism:** Strong communication skills, punctuality, and adaptability in a fast-paced, collaborative environment.
- **Problem-Solving Approach:** Demonstrated initiative in troubleshooting issues and ensuring seamless integration with backend services.

His performance throughout the internship was outstanding, and he proved to be a fast learner, dedicated team player, and dependable contributor. I am confident that Abhinav will excel in any professional or academic pursuit he undertakes.

I strongly recommend him for future opportunities in Frontend Development, Software Engineering, or related technical roles.

Should you require any further details, please feel free to contact me.

Sincerely,

Varun Rath
Founder & CEO
